British Aviators Are Rescued

London, May 25—Harry G. Hawker and Lieut. Commander McKenzie Grieve, the two airmen who started last Sunday in an attempt to fly across the Atlantic from St. John's, Newfoundland, have been picked up at sea and landed in Scotland. Both men were in perfect health.

It is officially announced by the admiralty that the aviators were picked up in latitude 50-20, longitude 29-30, having alighted close to the Danish steamer Mary, owing to a stoppage of circulation in the water pipes between the radiator and the water pump.

The Sopwith airplane was not salvaged. "Saved hands off Sopwith airplanes," was the signal. "Is it Hawker?" was the question told by the flags from the Butte, which is the most northwesterly point of the Hebrides group of Scotland. "Yes," laconically replied the steamer.

Council Decides To Repair Victoria Street

A special meeting of the Blaimore town council was held tonight for the purpose of transacting business that should have been attended to on Thursday last. There were present the mayor and secretary, and Councillors Rose, McLeod, McDonald and Moroney.

Following the reading and approving of the minutes of the regular meeting of May the 8th, the following accounts were passed for payment, subject to committee's approval: Dr. Olivier, services as medical health officer for three months \$62.50; L. H. Putnam, retaining fee as solicitor for May month \$20.00; Remington Typewriter Co. \$8.50; John Despute, for work on waterworks \$20.00; J. E. Gillis \$120.00; Alberta Government Telephone \$5.25; A. Badot, rent of shack fifteen months as store room for electrical fittings \$80.00; West Canadian Collieries Co. electric current account for March and April \$970.20; Blaimore Hardware Co. \$13.55.

The resignation of Councillor Johnston was received. Communication was received from the Department of Dependent and Delinquent Children, asking that a local inspector be appointed to look after the interests of that department in this district. On motion, Frank Wright was appointed inspector.

Louis Boldering appealed to the council for protection of his property from the inroads of the waters of the Old Man River. He felt that the town should protect his property, but, acting on the advice of Solicitor Putnam, the town would assume no such responsibility.

Councillor McDonald informed the Council that the West Canadian Collieries had kindly offered the use of their large motor truck for street repair work, provided the town would find gasoline, oil and the driver. Councillor McDonald pointed out the urgent necessity for repairs to the main highway through the town, and of the possibility of the government stepping in and doing the work for which the town would be heavily taxed. But now an exceptional opportunity was offered to have the work done at a very nominal cost. On motion by McDonald and Moroney, the works and property committee were authorized to arrange for one week's work on Victoria Street.

The question again arose as to whether or not the town police should interfere in matters that would appear to be within the jurisdiction of the Alberta Provincial police. Cases of apparent neglect of duty on the part of provincial police officers were cited to the council, one of which occurred but this morning, when a Mrs. Decoux, who with her several small children was obliged to jump through a window of her home in order to seek refuge from her drunken husband. She in the early hours of the morning appealed to the provincial police for assistance, when according to the woman's story was denied her. She then went to the residence of the town chief, who immediately responded, to find the children huddled beneath a tree, terrorized at the actions of the father who in the horrors of liquor occupied the home. It was claimed that here was a call to real duty to which the police should have responded if their duties include the protection of the public and suppression of crime. Here information may have been had that would lead to the conviction of some party guilty of an infraction of the liquor act, but for some good reason certain guardians of the law could not interfere. The council decided that such a condition of affairs should not be permitted to pass unchallenged and will demand an immediate investigation. Another case was cited where a few weeks ago a poor woman was rushed through the courts and fined \$100 and costs because a couple of men entered her house and attempted to consume liquor that had been purchased elsewhere. The woman was practically innocent, but helpless when brought before what should have been British justice. The men in the question were let off scot free.

The town police have on many occasions taken up matters under the criminal code, only to find that the town after standing the brunt of the expense of prosecution is deprived of the benefit of fines and costs or any financial consideration from the province.

A mascalzone weighing twenty-one pounds, and another weighing thirteen pounds, were taken from Waterton Lakes recently.

A new act gives physicians forty-eight hours in which to report births. It was formerly twenty-four hours.

Card of Thanks

Frank, Alberta,
May 28th, 1919
Editor "Enterprise,"
Blaimore, Alberta.

Dear Sir: Through the columns of your valuable paper, will you please thank the C.W.C.A. for the very enjoyable drive and lawn party given to the patients and staff of the Sanatorium. The outing was the pleasantest

participated in for a long time, and we all felt that we have real friends not alone in the ranks of the C.W.C.A., but in all the people of Blaimore.

Thanking you for all past favors,
Yours very truly,
C. H. Kerr,
Hospital Commandant.

The Newfoundland cabinet has resigned. The Lloyd government was formed two years ago as a war cabinet.

Wants Prompt Action For To Save Russia

Paris.—A. F. Kerevsky and members of the Russian Union for the Regeneration of Russia have issued an appeal to the democracies of the world for prompt action, with a view to helping Russia out of her present chaotic condition. It proposes the organization of a mission composed of delegates from all the powers, and including representatives of organized labor, which will go to Russia and explain to the people and the different Russian governments the democratic aims they are pursuing.

The appeal says: "It should be stated categorically that the different governments repudiate the idea of any intervention likely to infringe upon the sovereign rights of Russia."

German People Are Learning the Truth

Have Been Ignorant of Acts Committed by Armies

Paris.—The German peace delegation, through the German correspondents, seems to be trying to prepare their country for the acceptance of the treaty. A new tone is observable in the German press, for example the *Die Zeitung* Volkszeitung in explaining the enormous indemnity figure, says: "It must be remembered that great tracts of French territory have been rendered useless for many years. The devastated regions are twice the size of Saxony. Moreover, Germany took considerable quantities of stocks and bonds from the occupied territories. In the export warehouses stocks of manufactured goods were taken to Germany, together with the cargoes from the ships at Antwerp and the different river boats. Finally, even the kitchens and bedrooms of the inhabitants in the occupied territories were entered. There is not a place where a German non-commissioned officer armed with a requisition slip is not presented himself. The confiscated merchandise was resold in other countries with enormous profit."

"Better still, systematic devastations were operated in the leading industries on a great scale. First the warehouses were emptied, then parts of the machinery were confiscated, and even the old iron were resold. Factories, looms, foundries, machine shops all fell into the hands of the devastation commission. It is thought thus to get rid of competition for many years or during the long period which France and Belgium would need to reconstitute their industries and restore the devastated lands. Germany hoped to be able immediately after the war to offer her products to the world."

The German people seem to have been kept in ignorance hitherto of the acts committed by the German armies. They are just beginning to learn the truth.

German Officers to Be Tried
London.—Frederick William Hohenzollern, the former German Crown Prince, will be liable to trial under the terms of the German peace treaty, it was declared by Mr. A. Bonar Law, the government leader in the house of commons. Mr. Bonar Law said that the commandants of prison camps would also be liable under the treaty's terms.

Italians Hold Back

Not Disposed to Agree With Terms Offered to Austria

Paris.—The Temps anticipates that the revision of the peace treaty which is to be offered the Austrian plenipotentiaries at St. Germain will be delayed for a few days. This will be due, the newspapers say, to the fact that the Italian government appears not disposed to sanction the new Austrian Jugo-Slovak frontier, so long as the question of the frontier between Italy and Jugo-Slavia remains undetermined.

Papal Secretary

Note Declares Peace Proposals Are Impossible

Rome.—Cardinal Gaspari, the papal secretary of state, had written in the name of the Pope an official note to Col. E. M. House, of the United States peace delegation, transmitting the arguments sent to the Pontiff by the German ships to demonstrate the absolute impossibility of their country fulfilling the peace conditions imposed by the allies. In his note, Cardinal Gaspari explained that the Pope takes his stand in favor of Germany as he would do for any country requesting his assistance, as he is only animated by humanitarian feelings. The cardinal adds that the Pope has done this the more willingly since he was also urged to undertake this initiative by a country belonging to the entente. He begs Col. House to submit the situation to President Wilson, hoping that the latter will use his power of influence with the other delegates of the various powers with a view to securing a peace which will really be lasting.

Germans Resented Week of Mourning

Order Decreed by Government Far From Being Effective

Paris.—The week of mourning in Germany decreed by the government because of the terms of the peace treaty appears to have met with little success. The German musicians in particular seem to be resentful over the order as a measure which prevented them from earning their daily bread, while the Tageliche Rundschau and the Berlin Tageblatt admit that the mourning was far from being completely effective. Reports are that nearly all the music-halls remained open, and that in some places the people danced all night. One bit of pungent comment comes from the Volksblatt of Halle, which says:

"It is not new, but on August 1, 1914, that general mourning ought to have been declared in Germany."

Strong for Der Vaterland
Bastard.—At a meeting at Kaiserstrasse, in the French area of occupation, more than 500 school masters and school mistresses of the Palatinate adopted a resolution asserting their attachment to Germany. The resolution also protested against any attempt to separate the Palatinate from Germany.

Germans Are Given A Time Extension

New York.—The Associated Press issues the following:

"A period of seven days of grace has been extended to Germany by the representatives of the entente and associated governments, in which the German peace plenipotentiaries may conclude their study of the peace treaty and formulate such replies to the various clauses as they desire. The extension of time, which originally was to have expired at noon Thursday, was granted at the request of the Germans, who advanced the plea that more time was required in order that they might formulate arguments of such importance and length that, were the original date adhered to, it would be impossible to complete them; thus the time has been set forward to Thursday, May 29. Efforts made in Germany to ascertain even the gist of the contents of the proposed reply of Germany have been without reward. A report has been, however, that lengthy notes dealing with Alsace-Lorraine, the east Ger-

man frontier, the territory occupied by the allied forces and the amount of the indemnity and the method of its payment are to be dealt with. Almost simultaneously with the request for more time comes from Berlin a statement of the German cabinet that Germany is unwilling to sign the peace treaty. The document is a reiteration, although in stronger words, of the views of the foreign plenipotentiaries in Germany, that the signing of the compact would spell the ruin of the former empire.

The old ground that signing the document as it stands would involve the economic destruction, political dishonor and moral degradation of the country is adhered to. President Wilson's fourteen points for peace are demanded by the statesmen as the basis of the peace desired. It is being asserted that many have accepted the terms and laid down her arms, believing that they would be carried out.

Typus Is Raging Among Bolsheviki

In Rumania, Ukraine and Galicia Stories Told Are Grievous

Vienna.—Typhus is raging among the Bolsheviki troops operating against East Rumania, and also among the troops and people of Ukraine and in East Galicia and Lemberg.

E. A. Frick, Swiss agent of the International Red Cross and a nephew of H. C. Frick, of New York, has arrived in Vienna, suffering from typhus. He spent March and April in Galicia and the Ukraine. Among 2,000 Austro-Hungarian prisoners returning home from Russia and halted by the Czechs, 500 are dying from typhus. So many have died in box cars that their comrades merely threw the bodies out, leaving them unburied along the tracks.

It is feared that the Polish army, under Gen. Haller, will contract the disease, which is prevalent in the oil fields they are occupying. The hospitals in Lemberg are filled with typhus cases.

Russia at War With Rumania

Bolsheviki Troops Have Defeated the Rumanians and Occupied Two Towns

London.—Owing to Rumania's disregard of the ultimatum from the Russian Soviet government demanding an evacuation of Bessarabia, a state of war exists between Russia and Rumania according to a wireless dispatch from Moscow received here. Bolsheviki troops have crossed the Dniester river in the Tiraspol district, where they have defeated the Rumanians and occupied Tighirintsi and Bender, the dispatch says. Bender is 58 miles from Odessa. The Dniester is the village of Varizita, where Charles XII. took refuge after the battle of Poltava in 1709.

Czechoslovaks Return

Shipping Is Being Gathered Up to Transport Fighters

Vancouver.—The Czechoslovaks, formerly of the Austrian army, who deserted in Russia rather than fight for their oppressors, and who later freed Siberia from the Bolsheviki, are returning to their native land. Shipping is now being gathered up with which to transport these great fighters back by way of Vladivostok and the Mediterranean.

This was the report brought by several Czechoslovak officers, who arrived by the Empress of Japan from Siberia. They are taking home to Bohemia the archives of the Czech campaign in Russia. With exhibits included, their freight amounts to at least 30 tons. They will go by way of Winnipeg, Toronto and New York.

German Captain Suicides

Was Arrested on Charge of Common Robbery

Coblentz.—Max Kaasch, formerly a captain in the German army, who was arrested several days ago by United States intelligence officers on a charge of having in his possession property stolen from France, committed suicide by stabbing.

Kaasch was arrested at the request of the French military authorities, who planned to return him to France and try him on a civil court charge of common robbery. Kaasch was turned over to the French authorities, and killed himself in the cell at Boppard, in which he had been placed for the night.

Linen and other property found in the officer's home in Coblentz, the authorities say, was stolen during the war from French homes in Douai.

Reds Preparing New Drive

Paris.—The Russian Bolsheviki foreign minister, Tchitcherin, in a message to Bela Kun, the Hungarian communist leader, concerning the reported advance of Admiral Kolchak, head of the Omsk government, declares the situation is misunderstood. He says that Admiral Kolchak is in a less favorable position than is supposed and that the Bolsheviki are preparing a counter-offensive which they hope will be successful. This information is contained in a wireless message received here.

Bolsheviki Routed by Poles

Warsaw.—On the Lithuanian border the Bolsheviki launched strong attacks against Podbrzezie, northeast of Vilna, but were repulsed with heavy losses. Polish advance guards have reached Bolimow. German trench mortars and artillery, it is added, have bombarded Polish positions on the front in Posen and Dombrowa. There has been sharp rifle firing on various other sections of the front.

Germans Must Share Economic Losses

Protest to Peace Terms Answered By Allied Governments

Paris.—A reply by the allied and associated governments to the German note protesting against the economic terms of the peace treaty as being calculated to cause the industrial ruin of Germany has been delivered to the German peace plenipotentiaries. The reply is under eleven heads, and answers each German contention. It declared that the allied and associated governments, in framing the economic terms, "had no intention to destroy Germany's economic life."

On the contrary, the report points out that in the reconstruction of the world's affairs Germany will have her part in the progressive development, but also will share with the rest of the world in the economic losses and disadvantages inevitably resulting from the war.

The reply declares that the German note fails to take into consideration the fact that the disarmament of Germany and the end of militarism will relieve the German people of an immense burden of taxation, and return to the ranks of useful production millions of men formerly in the army who have been entirely withdrawn from industrial or agricultural activities.

The reply also makes an emphatic rejoinder to the German complaint that the loss of the German merchant marine will throw out of work thousands of German merchant seamen. The allies' answer is that the destruction of merchant ships, chiefly by German submarines, has had the unfortunate effect of limiting the opportunities for work of seamen throughout the world, the allied powers being the greatest sufferers. It adds that there clearly is no reason why Germany should be exempted from its share of the economic disadvantage growing out of this destruction of merchant ships.

The reply on the economic objections is regarded as one of the best documents in the exchange of notes.

Rumanians Protest Against Polish Advance

Poland Has Not Ceased Pushing in Accordance With Paderewski's Pledge

Paris.—The Ukrainian armistice commission here has lodged a vigorous protest with the Peace Conference against the Polish advance in Galicia subsequent to the Pavia agreement providing that hostilities be suspended. Premier Paderewski's inability to fulfill Poland's pledge to the entente, that the armistice would be respected, is causing much embarrassment to the allies. The supreme economic council discussed the advisability of continuing assistance to states asking for supplies, but fighting on regardless of pledges.

Representatives of Ukraine and Poland appeared before the Council of Four, but no decision on the situation was reached.

Minister Of Blockade Resigns

French Leader Considers Terms of Treaty Too Generous

Paris.—Baron Denys Cochin, former minister of blockade, has resigned from the right group in the chamber of deputies, after a meeting of the group, at which it was decided to send a telegram to Premier Clemenceau criticizing the peace treaty.

In a letter addressed to the Temps, Baron Denys Cochin considers that the treaty is too generous and unworthy of France and her allies. He weighs heavily upon Germany, he said, it is because Germany's crimes were big, and that her reparations will be costly—which is justice."

Delegates Stay Terms Unacceptable

Copenhagen.—The conference of German political leaders and German peace delegates at Spa agreed that the peace terms were unacceptable, according to a dispatch to a German semi-official statement, and that Germany will leave no stone unturned in an attempt to find a practicable basis of peace which takes into account opponents' justifiable demands and those capable of being borne and carried out by the German people.

"Black Watch" Two Best Black Plug Chewing Tobacco on the Market

Volunteer for Special Reserve
Melbourne.—Returned Australian soldiers have been exempted from compulsory service in the Australian army under the Defence of the Realm act. Many of them, however, are voluntarily joining the special reserve being organized in the Commonwealth.

It is a wise man that does not repeat his own wisdom.

Liquor Prohibition Is Upheld in Commons

Prince of Wales

Coming to Canada

Will Open the New Parliament Buildings at Ottawa

Ottawa.—The Prince of Wales will visit Canada in August of this year, and will open the new parliament buildings at Ottawa. Sir Thomas White stated in the house that he had received a message from His Majesty the King, through the Governor-General, as follows:

"I am very glad to tell you that, with my entire approval, the Prince of Wales will visit Canada this year, in August. He will open the new parliament buildings in Ottawa."

It is understood that the Prince of Wales will also open the Canadian National Exhibition at Toronto the same month.

British Aviator Undaunted

Raynham Still Intends to Attempt a Non-Stop Atlantic Flight

St. John's, Nfld.—Frederick Raynham, the British aviator whose intention to attempt the ocean flight with Harry Hawker, believed to have been lost at sea, came to grief when his Martinique plane was wrecked while running to the take-off, announced that he was in the race again for the first non-stop ocean air cruise. Recovered sufficiently from injuries sustained when his plane collapsed, able to leave his bed, Raynham said that "the machine could be rebuilt with spare parts at hand here, provided the motor was in working condition."

While the Handley-Page and Vimy mechanics are assembling their huge machines for the Atlantic "hop," the little Martinsyde will be removed to town for repairs.

Captain C. W. E. Morgan, Raynham's navigator, will not be his partner in the new trans-Atlantic flight he is planning. Morgan's physicians told him his flying days were over, and it might take him two or three months to recover from the injuries he suffered in the wreck of the Martinsyde. Raynham has not named a substitute for him.

Raynham is enquiring in all parts of the north Atlantic has brought no news of Hawker. His plane has been seen near heard from since it was seen by the signal light lookout at the harbor mouth, disappearing over the ice strewn Arctic current to the east.

Salzburg Defies German Austria

Vienna.—The German-Austrian government is being defied by an autonomous government, which has been established in the province of Salzburg, western Austria. The members of the new government issued a decree forbidding residents of Vienna from residing in Salzburg and announcing their opposition to the system of exchanging food from foreign countries received in Vienna for the agricultural products of the province. The Salzburg government also is refusing to hand over to the central government in Vienna the proceeds of the income tax.

Polish Armistice Fails

Paris.—The commission appointed by the supreme council to arrange an armistice between Poland and Ukraine has been dissolved, and the next development in the situation appears to depend on what action the Poles may take.

Turkey Presents Complications

Paris.—The Turkish problem has become most acute in the peace conference. Various delegations are striving to find some solution for the dismemberment of the empire which will not provoke a religious war.

The United States is being looked to by the other powers as the only nation which can become mandatory for Constantinople without the danger of precipitating another European war, but the United States delegates to the peace conference expressed doubt of the willingness of the United States to accept the mandate, especially under the conditions which the powers have outlined.

With the Sultan expelled from Constantinople, the United States delegates expressed the belief that it might be possible for the United States public to become reconciled to the mandate. However, the Indian empire,

OTTAWA.—The commons deliberated the methods of the government bill validating, with modifications, the orders-in-council passed under the War Measures act relating to prohibition in Canada. The discussion took place in committee and was for the most part based upon an amendment moved by Hume Cronyn, which would have permitted the manufacture in Ontario of beer of a greater alcoholic content than two and a half per cent for export to other provinces where its sale is permitted.

Frank criticism of bone-dry prohibition came from Dr. Blake, member for North Winnipeg, who asserted that there has been too much control of the action of the people and that "prohibition was the straw which had broken the camel's back, and precipitated unrest in the country."

At the evening sitting, Hon. N. W. Rowell spoke at some length in support of the bill, declaring that no one spoke of legislation had been resisted with so many expressions of approval.

He asked the committee to consider what the situation in Winnipeg would be today were the bars open. Dealing with the matter of permanency, Mr. Rowell said that the government was reorganizing its policy to the people by enacting the legislation for another year. During the next year some of the provinces would express their opinions with regard to prohibition, and this would have a bearing upon the final action.

After some further discussion, Mr. Cronyn's amendment was declared lost, and the bill was reported from committee. It stands for third reading.

Canadians Did Not Fight In Siberia

Vladivostok "Dirtiest Place in Creation" and "Dogs More Common Than Pigs"

Winnipeg, Man.—Speaking of the work done by the Canadians at Vladivostok, Mr. J. King, of Toronto, in charge of 250 of the Siberian forces, said there was practically no way of actual fighting so far as the Canadian force was concerned. There was trouble now and again in the interior, chiefly because of the activities of the Bolsheviki, and Canadian detachments would be sent along with British, Japanese and other allied forces to restore order. This generally would be speedily done.

Of Vladivostok, the men had little to say of a favorable nature. "The dirtiest place in creation," was how one man described the city. "Pigs were more common than dogs on the main streets," declared another.

Chinese Students Protest

Tokio.—A number of the leaders of the Chinese students in Tokio, writing their names with their own blood, have signed a resolution calling upon four thousand of the students in Tokio to return to China to protest against the Peace Conference decision in regard to Shantung and against the alleged ambitions of Japan in China.

Polish Women Fight the Ukrainians

Paris.—The advance of the Poles against the Ukrainians in the region of Kolkoi, north of Lemberg, according to the Polish national commission, has resulted in the death of Polish women battalions and troops from the garrison at Lemberg.

delegation, which has appeared before the Council of Four to plead for special consideration for the feelings of the Mohammedan world, as well as other Mohammedans who have made statements, "assert that the sultan must not be forced out of Constantinople, declaring that such action would greatly affect his standing in the church."

Consequently Great Britain is seeking to have the sultan remain in Constantinople as head of the Moslem faith, but with purely spiritual powers. It is now suggested that instead of transferring the sultan to a strip of territory somewhere in Asia Minor, that he remain in Constantinople, but be allowed to exercise a degree of temporary power over some territory in Asia Minor, to be selected, thus preserving the form of the Ottoman empire.

Records Price for Creamery Butter

A record price for Saskatchewan creamery butter in carload lots was offered on the Regina market a few days ago, when sixty-three cents a pound was bid. The significance of market conditions is realized when it is known that the local wholesale price in small quantities is about the same as the above, with the cost of wrapping and cartons at two cents a pound.

SAT UP IN BED TO GET HER BREATH

Palpitation of the heart, shortness of breath, inability to lie on the left side, feelings as if smothering, oppressed feeling in the chest, dizzy and faint spells, tired, weak, worn out feeling, involuntary twitching of the muscles, sleeplessness, restless, etc., all point to the fact that either the heart or nerves, or both, are not what they should be. Any of these conditions should be remedied immediately so as to avoid a complete breakdown of the whole system.

Milburn's Heart and Nerve Pills will bring energy to the weakened constitution, strengthen and regulate the heart, and tone up the tired, overstrained nerves. Mrs. William Steeves, Cleland, N.B., writes: "I have been a great sufferer from nerve trouble and palpitation of the heart, which was so bad I had to sit straight up in bed to get my breath. I could not lie on my left side at all. I tried doctor after doctor, also several different remedies, but got no help from them. My mother insisted on me trying Milburn's Heart and Nerve Pills. By the time I had used one box, I was feeling very much better. I took in all three boxes, and now I am in perfect health and can enjoy a good night's sleep, and can lie on my left side without any trouble. Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Clocks Call the Time

Clocks without hands or faces are now common in Switzerland. The timepiece stands in the hall, and when a button is pressed by means of phonographic arrangements it calls out "Half-past five" or "Five minutes to nine," as the case may be.

It's a pity a man can't dispose of his experience at cost.

CLARK'S PORK AND BEANS

BEAR THIS GOVERNMENT LEGEND

WHICH GUARANTEES PURITY

W. CLARK

Beer Drinking

Beer Drinkers Appear to Succumb Very Readily to Disease

There seems to be a large number of people who do not know that the beer drinker seldom lives to be much over 60 years of age. Beer drinkers drop off with what should have been mild and easily curable diseases. Even moderate beer-drinkers have a poorer chance of recovery, especially from blood poisoning and pneumonia, than the total abstainer. The first organs to be attacked are the kidneys, and then comes Bright's disease and dropsy, certain to be fatal.

Over thirty years ago a number of medical men began advising their patients that they had better "keep beer alone and drink whiskey instead, and there are few reputable physicians who would not give the same advice today.

A few years ago Mr. J. H. Adams, on behalf of the Brewers' Association, investigated the working of prohibition in some of the Southern States, and he concluded that whiskey produces more violence than beer, but that beer decreases, much more than whiskey, the aggregate prosperity, happiness and efficiency of the community. He said "the beer trade, ten times more than the whiskey trade, produces the evils belonging to the sale of liquor as an institution."

The brewers are going to make a desperate effort to compel us to return to the old drink-making habit. The friends of temperance must see that their names are on the voters' list and vote "no" to every one of the questions. Don't miss one of it will spoil your ballot.

Possibilities in Bee-Keeping

Excellent Opportunity for the Industry in Western Canada

Bee-keeping is one of the farm industries in which there are great possibilities in Western Canada. "We have," says a writer in the "Canadian Farmer," "everything needed except the bees and the knowledge of a climate that is well adapted to the industry, plenty of honey-bearing plants and the best market in America for the product. But we are paying forty cents a pound for honey and bees, and we are getting only one cent for our own raw material. It is about the most expensive luxury that goes on to the consumer's table, but he buys the imported product, never thinking of the possibilities of several hundred and substantial profits to several hands. Only a very small percentage of the honey used in these provinces is produced at home. Bee-keeping is an industry we could very well develop."

Certainly there will always be an unequal market in these provinces for all the honey that can be produced. There is no question about that. To give some idea of the returns from bee-keeping it may be stated that in 1918 in Manitoba 14,736 pounds of bees produced 94,000 pounds of honey, an average of 64 pounds per colony. Demand for bees from beginners is larger than usual this spring. Swarms are selling at about \$15 each.

The Town That Was Born Lucky

Western Canada Irrigation Convention to Be Held at Medicine Hat

It was Rudyard Kipling who described Medicine Hat, Alberta, as "the town that was born lucky." And possessing as it does within its limits an inexhaustible supply of natural gas, available for heating and power, its inhabitants have a great advantage over people in most other cities. Medicine Hat is already the home of some of the best manufacturing in Western Canada, including flour mills, iron foundries, clay products plant, rolling mills and several other manufacturing plants. But in addition to this it is one of the most beautiful cities in Western Canada. The Western Canada Irrigation Association has chosen Medicine Hat for its convention this year, to be held during the first three days of the week beginning August 4th. It may at first seem strange that a city primarily associated with manufacturing should be selected, as a convention point by an organization whose work is so closely related to agriculture. Medicine Hat is greatly interested in irrigation and agriculture, however, being one of the triangle of cities in bordering on the irrigated area of Southern Alberta.

The man who lives for himself, alone has not much to live for.

A diplomat is a man who can successfully make a business engagement that takes him out of town for house-cleaning week, and at the same time keeps on speaking terms with his wife.

Turks Fight Greeks

Constantinople.—In the fighting which took place after the landing of Greek troops at Smyrna, 500 Turks and 100 Greeks were killed.

The fighting took place for the most part in the Turkish quarter of the town, where the Greeks were met by heavy rifle fire.

Paris.—A political crisis has arisen in Constantinople since the debarkation of Greek and allied forces at Smyrna, the Journal says. The Turkish Grand Vizier or prime minister is said to have resigned.

By Keeping the Liver Right

The Health of the Vital Organs Is Maintained and Serious Disease Is Avoided

Brandon, Man.—The secret of health in the home is found in keeping the liver, kidneys and bowels in healthful working order. The liver is usually first to get out of order, and there come headache, indigestion, dizzy spells and biliousness to make life miserable.

Mrs. Cook tells how they have learned to avoid such derangements by the timely use of Dr. Chase's Kidney-Liver Pills. As she says in her letter, they could scarcely keep house without them.

Mrs. G. L. Cook, 248 10th street, Brandon, Man., writes: "I have been using Dr. Chase's Kidney-Liver Pills for the last four years for liver trouble, and can say I have had great satisfaction and help from using them. I find I don't need any other pills. I just think that these are the thing for me, and my husband uses them for his kidneys and thinks them a great help. He also uses Dr. Chase's Ointment and finds no equal to it for piles. I just sent last week got four boxes of Pills and one box of Ointment. My daughter in Winnipeg has used the Pills and found they helped her a great deal. We say we can't keep house without them and that I have cheated the doctors here out of a good many visits they had here before I began using your Pills, and I can truthfully say I think Dr. Chase's Medicine is the best thing."

Dr. Chase's Kidney-Liver Pills are one pill a day, 25 cents a box, at all druggists, or by mail from Dr. Chase, Inc., or from Edmond, Bates & Co., Limited, Toronto.

Insist on seeing the portrait and signature of Dr. W. D. Chase, M.D., on the box you buy. This is your protection against imitations.

Rantauz Is Cheerful

Returned to Versailles With Financial Experts

New York.—The Associated Press issues the following: Not alone has Count Brockdorff-Rantauz, the chief German peace plenipotentiary, returned to Versailles from Spa, where he went for a conference, but he brought back with him Herr Landsberg and Herr Gieseler, two of the main members of the German delegation who had been in Berlin going over the situation with the authorities, and also a large retinue of naval, military and financial experts.

Thus, the indications are that the Germans intend to continue their efforts to come into agreement with the allied and associated representatives on peace terms, that will be satisfactory to the German government and people.

It is a wise contrivance of nature that prevents a man's slumbers from being disturbed by his own snore.

Bank Clearings Increasing

Indicate Healthy Business Conditions in Prairie Provinces

In the bank clearing returns for April of Western Canada cities are signs of greater business activity, which will no doubt be more accentuated during the next few months. Compared with April last year, the increase at Calgary was over half a million dollars—\$659,744, as against \$6,081,990 a year ago.

At Edmonton, Alberta, there was a jump from \$14,761,209 to \$16,826,237, a gain of more than two million dollars. Such increases are typical of the returns at the other cities throughout the three provinces, and not being confined to one or two places, are indicative of the healthy business conditions generally prevailing.

It is a wise man that does not repeat his own wisdom.

If a man is right he doesn't have to get mad about it.

No Case Is Too Old, None Too Severe

Mrs. Riches Proves Once Again That Dodd's Kidney Pills Cure

She Suffered for Seventeen Years from Kidney Trouble and Now a Well Woman Says: "Dodd's Kidney Pills Cured Me."

St. Denis, Riviere, Richelieu, Quebec, May 26th.—(Special).—One of the most remarkable cures in the long record made by Dodd's Kidney Pills is that of Mde. Alf. Riches, well known and highly respected here. For seventeen years Mrs. Riches was a sufferer from kidney disease in its worst forms. Today she is a well woman. And she says with an earnestness born of conviction, "Dodd's Kidney Pills cured me."

"I suffered for seventeen long years from what you can see. From backache, headache and sleeplessness my troubles grew to rheumatism and diabetes, and the doctor and other medicines, but I got no lasting good till I tried Dodd's Kidney Pills. I took two boxes of them. I cured me."

Dodd's Kidney Pills are purely and simply a kidney remedy. But no case of kidney trouble is too severe or too long standing to resist them. If you haven't used Dodd's Kidney Pills ask your neighbors about them.

Every bank teller in Canada will give you W.E.S. for your Victory Bond interest coupons. Re-invest them.

Recognized as the leading specific for the destruction of worms, Mother Graves' Worm Exterminator has proved a boon to suffering children everywhere. It seldom fails.

Reason for His Courtesy

"Hey, there," said a motorist pulled by a load of hay, "I say there, pull up and let me by. You seemed in a hurry to let that fellow's carriage get past."

"That's how his horse was eating' my hay," returned the farmer. "There ain't no danger of my eatin' it, I reckon."—Judge.

Big Enterprise To Be Launched

For Further Development of British Columbia Lumber Industry

What is undoubtedly one of the most gigantic lumber enterprises ever conceived, and a scheme which is fraught with tremendous possibilities in the development of the British Columbia lumber industry is about to be launched by a strong syndicate, says a dispatch from Victoria. This syndicate is said to be headed by a well-known New York financier, and its operations will be conducted on a colossal and world-wide scale.

The dispatch goes on to say that the syndicate by British interests to deliver 30,000,000 feet of lumber, which, in the event of a satisfactory agreement being reached on purchase price with the saw mills and lumber manufacturers, will be supplied by British Columbia mills, and in addition to this huge contract, further contracts are pending from European interests for an unlimited quantity of lumber that will run into billions of feet and will keep the mills of the province operating day and night at full capacity.

Minard's Liniment used by Physicians

Set a Record Two friends met in the Strand the morning after an airplane race. "Any damage done your way?" the first asked.

"Damage? Rather!" answered the other. "Father and mother were blown clean out of the window. The neighbors say it's the first time they've been seen to leave the house together in seventeen years."

CHILDREN NEED HELP

Spanking doesn't cure bed-wetting—the trouble is due to weakness of the internal organs. My successful home treatment will be found helpful. Send no money, but write me today. My treatment is equally successful for adults, troubled with urinary difficulties.

MRS. M. SUMMERS, Box 42 Windsor, Ont.

Terms Not Harsh

London, England.—On his arrival in London from America, Earl Reading stated, in the course of an interview, that he did not consider the peace terms unnecessarily harsh. Regarding the German contention that the treaty went beyond the 14 points of President Wilson, Earl Reading said: "President Wilson's acceptance of the treaty provided the best answer, for, for the best of all of them, he was the best interpreter."

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones she would not be without them. The Tablets are a perfect home remedy. They regulate the bowels and stomach; drive out constipation and indigestion; break up colds and simple fever and make baby healthy and happy. Concerning them, Mrs. Noble M. Pye, Ecum Secum, N.S., writes:—"I have found Baby's Own Tablets of great benefit for my children and I would not be without them." The Tablets are sold by medicine dealers or by direct order from The Dr. Williams' Medicine Co., Brockville, Ont.

Taking a walk on an empty stomach is said to cure indigestion—but you should be careful whose stomach you walk on.

Asthma Can Be Cured—It's suffering is as it is terrible to endure. After its many years of relief the most stubborn cough no sufferer can doubt the perfect effectiveness of Dr. J. D. Kellogg's Asthma Remedy. Comfort of body and peace of mind return with its use and a slight sore throat comes back for good. Ask your druggist; he can supply you.

Boy Breeders of Baby Beef

Young Farmers Greatly Encouraged by Prices Received

Encouragement in a tangible form to the young raisers of baby beef in Manitoba was given at Brandon recently, when about 60 calves which had been cared for by boys of the province were sold in record time at prices ranging from twenty to forty cents a pound. Buyers from the leading backing houses are said to have smothered the auction ring with bids. The prices, the boys received are a great encouragement to this rising generation of farmers, though many found it hard to part with their pets. But their work will have an important bearing on the livestock industry of the future, and their reward should encourage them to come back stronger every year.

Too Deep for Him

An Irish sailor, after pulling "in fifty fathoms" of line, muttered to himself: "Sure, it's as long as today and tomorrow! It's a good week's work for five men. More of it yet! The say's mighty deep, to be sure." Then he suddenly stopped short; and, looking up to the officer on watch, he exclaimed: "The water to me, sory if I don't believe somebod's cut off the other end of this line!"

Only the uninformed ender the agony of corns. The knowing ones apply Holloway's Corn Cure and get relief.

New Taxes in Jamaica

Kingston, Jamaica.—To meet a deficit of \$700,000, the legislative council has imposed a tax of 25 cents on each parcel unloaded here or scattered to himself. Commercial travellers will also be subject to a tax.

Pills for Nervous Troubles.

The stomach is the centre of the nervous system, and when the stomach suspends healthy action the result is manifest in disturbances of the nerves. If allowed to persist, nervous debility, a dangerous ailment, may ensue. The first consideration is to restore the stomach to proper action, and this is done by the use of this than Parmelee's Vegetable Pills. Thousands can attest the virtue of these pills in curing nervous disorders.

It is said that several of the best penmen at the stockyards are unable to write.

"Completely Discouraged"

Is the feeling and plight of women who are "run down" by too much brain work, head aches, back aches, dragging down feeling, dizziness, and all the little things that go wrong.

Look the other way for a minute and see what Dr. Pierce's Favorite Prescription will do for you. It gives you just the help that you need. To be had in liquid or tablet form. 50c. and \$1.00 bottles.

What it has done for others it can do for you. A helping hand to lift up weak, tired, over-laxed women—thank Dr. Pierce's Favorite Prescription. It gives you just the help that you need. To be had in liquid or tablet form. 50c. and \$1.00 bottles.

It is a medicine that's made especially to build up women's health and cure women's ailments—an invigorating, restorative tonic, soothing colic and treating nervous purely vegetable, non-alcoholic, and perfectly harmless.

You can procure a trial pkg. by sending 10c. to Dr. Pierce, Buffalo, N. Y.

TILLAMORE, Ont.—A few years ago I had a severe nervous breakdown. I would have rather in my head and would suffer with backache. I was unable for about two years. Had doctored but did not seem to get cured of the ailment. At last I took Dr. Pierce's Favorite Prescription and it did me more good than any medicine I ever took. It built me up and I felt better in every way than I had for two years previously.—Mrs. L. HARRIS.

A Platform--Not a Party!

Women of Canada:

You are now citizens. You have the privilege and the opportunity of expressing yourselves--indirectly--by your own vote.

You have a duty and an obligation to so express yourselves. If the women voters of Canada should merely fall into line behind two political parties, their partisan vote would not help the country. Indeed, it would be but an added burden, by necessitating an extension of machinery for voting and increasing the money cost of the same. On the other hand, while it is not desirable to form a woman's party, it is obvious that there are certain principles which should demand the support of women of both parties.

This was in brief the conclusion of the executive of the National Council of Women at its March meeting, where members from various provinces and of all shades of politics were present.

It was therefore agreed to give an opportunity to the women of Canada to express themselves as to what, in their opinions, were the most urgent and fundamental of those principles or objects, then sum them up in what might be called a Canadian Woman's Platform.

A committee was arranged with representatives from each province with sub-committees of the whole at Ottawa to carry out this plan. It is therefore greatly desired that every group of women--every individual woman, who has thought or is thinking of the vital needs of social reforms in Canada--will send their opinions in concise form as speedily as possible to the convenor of that committee, Mrs. Adam Shortt, 5 Marlborough Avenue, Ottawa, in order that this Women's Platform may be ready for presentation at Regina in June.

The Man Who Saves

What does he gain by thrift?
He builds a bridge to a better job.
He sets up a ladder to climb in the world.

He gives his family a better chance.
He develops self-reliance.
He is ready for sickness or hard luck if it comes.

What does thrift mean in his work?
He has too much respect for time to waste it.

He has too much respect for his strength to waste it.

He has too much respect for his tools to injure or waste them.

He is capable of handling other men's business.

He is marked for a better job.

What does his thrift mean to the government?

His savings help pay the cost of victory.

His investment in War Savings Stamps makes him a part of his government.

His savings help to protect every Canadian home.

His savings add to the national resources that make Canada invincible.

What does his thrift mean to the community?

He helps industry by the avoidance of waste in time, energy, materials and money.

He is a standing force among his fellows.

He acquires good judgement and helps promote the general welfare.

He gets into the class of those who do things.

Sub-Lieut. H. K. Keith reached home from overseas last week.

Mr. and Mrs. H. Adderley, of Salmon Arm, registered at the Strathcona hotel. — Nelson News.

Mr. and Mrs. G. G. McCollum, Miss L. Purvis and A. Nother spent Victoria Day at Waterloo Lakes.

A commercial traveller in Truro, Nova Scotia, was married to one of the girls of that town. Before leaving on the honeymoon trip he developed small-pox and was hurried away to the isolation hospital. While undergoing treatment there, wife No. 1 reached the railway town in a belated mood and announced her plan of going into action as soon as she could greet her faithless spouse face to face. She averred that she would give him something besides small-pox to think about. In the meantime the Knight of the Grip is taking his own good time in recovering. He is in no hurry at all. Indeed, it is reported that he has developed a curious liking for that well-known balad, "I don't want to get well."

Mistakes

When a plumber makes a mistake, he charges time for it. When a lawyer makes a mistake, it's just what he wants. When a carpenter makes a mistake it's just what he expected, because the chances are ten to one he never learned his business. When an electrician makes a mistake, he blames it on induction, because nobody knows what that is. When a doctor makes a mistake, he blames it on a judge makes a mistake, it becomes the law of the land. When a preacher makes a mistake, nobody knows the difference.

But a PRINTER—he is different; he has to be careful, he cannot turn his mistakes into profit or blame them on a profession. He must do the job over. You have got to go some to be a REAL PRINTER. — With compliments to The Federation Bureau.

The Pass 14 Years Ago

(From the Frank Paper 1905)

The Frank local of the U. M. W. of A. held its semi-annual election of officers on Sunday last. The officers chosen were: President, Robert Evans; financial secretary, T. A. McDonald, re-elected; recording secretary, Charles Hopkins, re-elected; treasurer, Albert Bigalen, re-elected.

When You Feel Blue

Nyal's
 All tired out, unable to concentrate your mind upon your work, lack energy and are unable to sleep, take
Nyal's
 Nutritive Hypophosphites

This good old-fashioned remedy has given relief in hundreds of similar cases. It forms the best nerve and brain food known. Never fails to give satisfaction.

He Would Come Back

The recent vote in favor of beer and wine in Quebec recalls the story of the politician who visited a small Quebec town just after the armistice was signed. He saw an old inhabitant and said to him:

"Well, Baptiste, the war is over!"

Old Baptiste looked astonished and delighted.

"Is war over?" he exclaimed. "Den my boy will come back, eh?"

"Your boy? I didn't know you had a son in the war," said the politician.

"No, no!" cried Baptiste. "Not back from the war! Back from de bush!"

Tenders Wanted

Tenders will be received up till June 5th for the painting of the Union hall at Hillcrest. For information apply to the hall committee, P. Dray and J. Mansel, Hillcrest.

NOTICE

1919 Assessment Town of Blaimore, Alberta

NOTICE IS HEREBY GIVEN that the Assessment Roll for the Town of Blaimore for the year 1919 has been prepared and is now open for inspection at the office of the Secretary-Treasurer of the Town from 10 o'clock in the forenoon to 4 o'clock in the afternoon on every day which is not a public holiday, except Saturdays (and on that day from 10 o'clock in the forenoon until 12 noon); and that any ratepayer who desires to object to the assessment of himself or of any other person must within thirty days lodge complaint in writing at my office.

And further take notice that the Council will sit as a Court of Revision at the Town Office on Tuesday, June the 10th, at 10 o'clock a.m., to hear appeals against said assessment, and no person who does not appear at the said time and place will be entitled to appeal from the decision of the said court of revision to a judge of the District Court.

Dated at Blaimore, Alberta this 8th day of MAY, 1919.
 FRANK WRIGHT, Assessor

Rosse Acquitted on Liquor Charge

A surprise was sprung on the authorities on Monday of this week when it was discovered that a full-feathered hen belonging to Mrs. M. Rosse was in possession of a valuable nest egg and sat as a guardian angel over a two-gallon-jar of good, o. b. joyful whiskey, and might be found guilty of an infraction of the liquor act.

As the result of a search made of Rosse's residence in the still hours of the night of Friday last, a jar was extracted from beneath a hen by Detective McIvor and several members of the Alberta provincial police force, who had entered the house armed with a warrant to search for contraband.

In the basement of the house, the glaring mouth of a tunnel attracted the attention of the officers. At the entrance to the so-called tunnel sat a hen on a nest of eggs. Biddy, of course, was subjected to being removed, and on removal of herself and her nest of eggs, a jar was exposed.

The search was made after the officers had ascertained that the head of the house (Mike) was out of town and only the women were occupying the place, and at a time when every Tom, Dick and Harry in town knew that illicit traffic was a wide-open reality in about a dozen places in town.

That the police are not honest in their efforts to enforce the Liquor Act is the opinion of many citizens of The Pass who have been watching recent events, and they are being more and more convinced that revenue from sources other than the attorney general's department is responsible for non-enforcement of the Act and for conditions that exist throughout the Crown's Nest Pass today.

Solicitor Harris, of Lethbridge, who defended the accused, questioned as to whether the police were justified from the amount of information submitted to them in having a warrant to search issued, and the threat of the issuer to grant a ten-day privilege of entering and searching a private residence at any hour of the night they choose.

The police appeared to be acting on suspicion that Rosse was busily engaged importing liquor from Montana through Couits and Lethbridge, and had Rosse arrested at Lethbridge, where he was obliged to put up bonds of \$200 for his appearance in court at Blaimore, the following day. The case came up for hearing before Justice Disney on Monday. Mike was on deck, charged with an infraction of the Liquor Act. Evidence for the Crown failed to establish that Rosse owned the booze, or that the premises in which that hen stood sentry belonged to "Dago Mike," and Rosse was acquitted.
